Co-Exhibitor Registration

Additional exhibitors (co-exhibitors) have a presence on the space booked by the main exhibitor and get their own entry in the exhibitor directory. Separate booth numbers cannot be assigned. The entire organisational handling is carried out exclusively with the beneficiary of the contract of the floor space in question (main exhibitor). The co-exhibitor is liable to coordinating all details regarding the event with its main exhibitor, independent of the organiser of the event. The organiser of the event bears no legal obligation towards the additional exhibitor. Main exhibitors can register co-exhibitors for the event free of charge and with no limits in numbers. Co-exhibitors can exclusively be registered by their main exhibitors through the web-based Online Manager (OMA) tool. As a general rule, this tool is going live starting from July for the trade fair of the same year.
